Hi Bill, Shyam

Thanks for the document. The reviews that we've been getting for these typically include an addendum with the BEAD review of the actual container (see page 8 of the attached review). It looks like Bayer didn't cite a similar study, so we'll have to go back to the registrant. So I can be best informed when we circle back to Bayer, would MRID 51498201 be applicable here?

Thanks,
Jackie
